

CALIFORNIA ASSET BUILDING COALITION

Press Release

August 11, 2017

Re: New Hire, Sabrina Hamm

Dear Asset Building Community,

The California Asset Building Coalition is pleased to announce our new Statewide Coordinator, Sabrina Hamm. Sabrina holds a Master of Public Policy degree from the Goldman School of Public Policy at UC Berkeley. During her time at the Goldman School, she worked with a number of policy organizations on issues such as affordable housing, access to school meals, and human services. Sabrina was described as a “great catch” by Secretary Robert Reich, who she worked for as a Graduate Student Instructor at UC Berkeley's Goldman School of Public Policy. Sabrina has a long history of working on poverty related issues and as well as teaching experience. As an undergrad at UC Berkeley, she worked to address inequities in the education system through youth empowerment in under-resourced high schools. As a former Emerson National Hunger Fellow, she helped to improve CalFresh access for homeless people in Sacramento and worked to increase school meal participation rates among low-income children. After the fellowship, she worked at DC Public Schools as a Preschool Educational Aide and as an Activity Leader at a K-8 before and after school program in San Diego. Sabrina also holds a B.A. in Peace and Conflicts Studies from UC Berkeley.

As the Statewide Coordinator, Sabrina will work to further support and advance CABC mission and policy advocacy agenda along with managing CABC's communications and online presence. Please join us in welcoming Sabrina Hamm to the California Asset Building Coalition team.
